A screenshot of a web browser displaying a medical software interface. The browser is Firefox, and the address bar shows "openemr.dev/interface/main/main_screen.php?auth=login&site=default". The page title is "Patient: Wallace Buckley (40) DOB: 1952-04-03 Age: 63". The interface includes a left sidebar with a "Hide Menu" button and various navigation options like "Calendar", "Messages", and "Visits". The main content area shows the patient's name "Buckley, Wallace" with a "Delete" button and a message: "Patient has not authorized the Patient Portal." Below this, there are sections for "Billing (expand)", "Demographics (collapse)", and "Past Encounters and Documents (To Billing View)". The "Demographics" section includes fields for Name, DOB, S.S., External ID, Sex, and License/ID. The "Past Encounters and Documents" section contains a table with columns for Date, Issue, Reason/Form, Provider, Billing, and Insurance.
